

CENTRAL EAST STROKE NETWORK EDUCATION PLAN/BUDGET 2023-24

Approved: March 6th, 2023

PROJECT	DESCRIPTION	DETAILS	BUDGET (CAD)
Project 1 Best Practice Series	<p>Objective: Forum for sharing information & providing education related to best practices in stroke care</p> <p>Target Audience: Clinicians supporting stroke patients and their families across the care continuum</p> <p>Format: A combination of webinars, practice shorts. Where appropriate a recording will be available on the CESN website.</p>	<p>Speaker Fee/Honorarium</p> <p>Potential Topics:</p> <ul style="list-style-type: none"> •Hyperacute •Philosophy of rehabilitation •Secondary prevention •Pediatric stroke •Women & stroke 	<p>\$2350.00</p>
Project 2 Canadian Hemispheres 3.0™ Stroke Competency Series	<p>Objective: To support healthcare providers in developing stroke expertise. Can be used at orientation, for annual stroke competencies and ongoing professional development. Is a comprehensive, nine-module interactive stroke education series. A free module is available that provides training and certification in the National Institute of Health Stroke Scale (NIHSS).</p> <p>Target Audience: Healthcare providers in ED, ICU, ISU, and outpatient stroke programs</p> <p>Format: Online, completed at learner's own pace</p>	<p>Organization license \$100 (USD)</p> <p>20 seats x \$75 (USD)</p>	<p>\$150.00</p> <p>\$1500.00</p> <p>\$2250.00</p>
Project 3 Supported Conversation (SCA™) Training	<p>Objective: Supports participants in the use of supportive conversation techniques for adults with aphasia. Participants learn helpful strategies and techniques to enhance their knowledge base.</p> <p>Target Audience: Healthcare providers and supporting staff/volunteers across the care continuum who interact with individuals with aphasia</p> <p>Format: Virtual workshop and/or online modules with the Aphasia Institute</p>	<p>Facilitator honorarium \$400/session</p>	<p>\$1200.00</p>

<p>Project 4</p> <p>Stroke 360 Workshop</p>	<p>Objective: To provide an overview of current treatment approaches used to address frequently seen problems in the field of stroke rehabilitation. While evidence-based, the emphasis will be on analysis of movement, understanding the concepts of functional rehabilitation and demonstration of practical hands-on treatment strategies.</p> <p>Target Audience: OT, PT, Rehab Assistants in the acute, rehabilitation & community setting, but other team members are welcome.</p> <p>Format: Virtual</p> <p>Tentative Date: June 3rd & 4th, 2023</p> <p>Instructors: Wendy Sarsons & Jacquie Levy, Physiotherapists out of Action Potential Rehabilitation, Ottawa area.</p>	<p>Instructor fees</p>	<p>\$6000.00</p>
<p>Project 5</p> <p>Stroke Workshop Incorporating Simulation</p>	<p>Objective: To develop and pilot a workshop for nurses working on an ISU with the goal to build capacity and strengthen stroke-specific nursing care. Will provide an opportunity to better understand the learning needs of the novice nurse and the need to consolidate their knowledge with more senior staff. Based on the pilot, the format and content will be modified as needed to support an ongoing regional education series.</p> <p>Format: The workshop will incorporate online content for all participants as well the application of knowledge using case studies in a hybrid simulation approach.</p> <p>Target Audience: Nursing</p> <p>Pilot: April 2023 with the goal to run 2 additional sessions in the upcoming year</p>	<p>Honorariums as needed</p>	<p>\$2000.00</p>

<p>Project 6</p> <p>Vision Post-Stroke</p>	<p>Objective: To support clinicians in the assessment of vision following stroke and increase knowledge/awareness of the appropriate referral services.</p> <p>Target Audience: OTs working in acute, rehabilitation and community setting</p> <p>Format: Virtual workshop and/or the option to support completion of Dr. Mary Warren's 17 online training modules</p>	<p>Online modules are \$100USD/person</p> <p>Honorarium for speakers as needed</p>	<p>\$1600.00</p>
<p>Project 7</p> <p>Post-stroke Apraxia Workshop</p>	<p>Objective: To address cognitive models of apraxia and the latest evidence. Explore challenges faced by OTs in their daily practice and incorporate a practical session to focus on assessment and intervention.</p> <p>Target Audience: OTs but may be of interest to PT, SLP and nursing</p> <p>Format: Virtual 3-part series</p> <p>Timeline: Fall or early 2024</p> <p>Instructor: Dr. Louis-Pierre Auger</p>	<p>Instructor fee based on number of participants</p>	<p>\$2500.00</p>
<p>Project 8</p> <p>Cognitive Orientation to daily Occupational Performance (CO-OP) Approach</p>	<p>Objective: Therapists guide clients to solve performance-based problems using a global cognitive strategy (Goal-Plan-Do-Check) to discover domain-specific strategies that are specific to individual clients, goals, and situations.</p> <p>Target Audience: OT, PT, SLP, Rehab Assistants, Nursing</p> <p>Format: Virtual 3-part series plus a consolidation session months later</p> <p>Facilitator: Sara McEwan</p>	<p>\$4500/series + \$581 fee to register with ICAN + tax</p>	<p>\$5800.00</p>

<p>Project 9</p> <p>Neurodevelopmental Treatment Techniques (NDT)</p>	<p>Objective: To support clinicians in the ability to observe and distinguish between normal and abnormal alignment and movement patterns and to support functional retraining activities that are meaningful to the patient.</p> <p>Target Audience: OT, PT, Rehab Assistants</p> <p>Format: Virtual</p> <p>Tentative Dates: September 21, 2023 & February 3, 2024</p>	<p>Instructor fees based on virtual workshop</p>	<p>\$3000.00</p>
<p>Project 10</p> <p>Stroke Assessment Workshop</p>	<p>Objective: To provide clinicians training in stroke assessment tools as identified in the best practice guidelines. Examples include Chedoke McMaster Stroke Assessment (CMSA), Chedoke Arm and Hand Activity Inventory (CAHAI) or another session identified as a need by clinicians.</p> <p>Target Audience: Allied team</p> <p>Format: Virtual but will consider a hybrid model</p>		<p>\$3000.00</p>
<p>Project 11</p> <p>Learning Management system SmarterU (Neovation)</p>	<p>Objective: Support the yearly subscription fee for up to 100 active users/month on the CESN Regional LMS. Resources and educational materials will be developed to support the development of stroke expertise cross discipline and cross continuum.</p> <p>Target Audience: Healthcare providers across the stroke care continuum</p>		<p>\$5000.00</p>
<p>Project 12</p> <p>Learning Module Development Resources</p>	<p>Objective: To support ongoing development of interactive learning modules for the LMS the current licenses for Storyline 3 will need to be updated once they are no longer supported by Articulate.</p>		<p>\$1500.00</p>

CENTRAL EAST STROKE NETWORK EDUCATION PLAN/BUDGET 2023-24

Approved: March 6th, 2023

<p>Project 13</p> <p>Videographer/Graphic Design</p>	<p>Objective: To develop video clips and artwork that can be used in creating e-learning modules and the sharing of patient stories.</p> <p>Format: Digital</p>		<p>\$4000.00</p>
<p>Project 14</p> <p>Professional Education Fund</p>	<p>Objective: Through an application process, provides CESN clinicians with an opportunity to attend stroke-related conferences and workshops to enhance their stroke expertise. To maximize best practice implementation and practice change, recipients are to report their plans for knowledge sharing. Professional Education requests are to a maximum of \$500 per applicant.</p> <p>Target Audience: Healthcare providers across the continuum</p>	<p>\$2000.00/district</p> <p>Increased to support attendance at the World Stroke Congress in Toronto in October 2023</p>	<p>\$10,000.00</p>
<p>Project 15</p> <p>CESN Website Maintenance to Support Knowledge Translation & Communication Strategies</p>	<p>Objective: CESN website is a key communication tool to engage and inform healthcare providers</p> <p>Target Audience: Healthcare providers across the care continuum</p>	<p>Monthly maintenance fee Yearly hosting fee</p> <p>Updates as needed & to support implementation of the LMS</p>	<p>\$5350.00</p>
<p>Project 16</p> <p>Education Resources</p>	<p>Objective: Licensing and subscription fees used to support the development and implementation of programs, resources, and workshops to support clinicians across the stroke care continuum.</p> <p>Sundry items include printing, gift cards, and other educational resources to support events.</p>	<p>Zoom</p> <p>Venngage - infographic software</p> <p>iStock credits</p> <p>Sundry</p>	<p>\$380.00</p> <p>\$300.00</p> <p>\$700.00</p> <p>\$3070.00</p> <p>Total: \$4450.00</p>
			<p>Total: \$60,000.00</p>
