

CESN REGIONAL WORKPLAN 2025-27

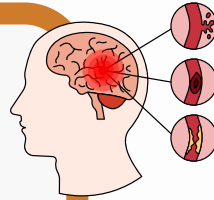

Approved by Steering Committee on March 27, 2025

The 2025-27 CESN Regional Workplan is composed of 4 goals with regional objectives for each. To learn more about the regional goals [CLICK HERE](#) to view the full workplan.

01

ACCESS TO SPECIALIZED STROKE CARE

Access to seamless specialized cross-continuum stroke care that is timely, effective and maximizes health, recovery, and wellbeing.

02

CONTINUOUS QUALITY IMPROVEMENT

Organizations across the continuum participate in initiatives that support continuous quality improvement and sustainability in stroke care.

03

STROKE EXPERTISE

Stroke care providers have expertise and clinical resources to deliver best practice stroke care across the continuum.

04

COMMUNITY REINTEGRATION

Persons with stroke, their families, and caregivers have access to programs and services that optimize community reintegration and quality of life.
